

Annual Financial Summary

Dorothy Smith · Classification 4 · BlueBerry Care

FY2025 · 1 July 2024 – 30 June 2025

Summary

Dorothy hasn't started using her NDIS support yet this financial year, so there's nothing to report on spending at the moment. She has a lifetime cap of nearly \$138,000 available, which is completely unused, and her current classification means she's eligible for support when she's ready to access it. The main thing to focus on right now is making sure her plan is activated and that you've got clear arrangements in place for when she needs care to begin. Once services start, you'll want to keep an eye on how the spending tracks against her entitlement so there are no surprises down the track.
