Summary

Dorothy has received excellent care this quarter with 122 services delivered and no hospital admissions, which is a really positive sign that her support is working well. The important thing to flag is that spending has reached 182% of budget, meaning BlueBerry Care has spent \$5,453 more than allocated, so you'll want to understand why costs have gone over and discuss this with them soon. The 50 flagged items are all at the low concern level, which is reassuring and suggests nothing urgent needs immediate attention. Overall Dorothy is getting the care she needs, but a conversation about the budget overspend will help you plan and manage costs going forward.
