

Quarterly Budget Report

Dorothy Smith · Classification 4 · BlueBerry Care

Q1 FY2027 · 2026-07-01 to 2026-09-30

Summary

Dorothy's spent about half her quarterly budget so far, which is right on track for the three months ahead. The good news is she's got \$3,431 still available and plenty of time to use it before the quarter ends. What matters most here is that the system is flagging 71 anomalies, which usually means there are some gaps or unusual patterns in her care record that need sorting out, you should ask her care coordinator to explain what these are, as they might affect how her support is being delivered. Her care management hasn't been used yet, so that's another resource available if she needs help planning or adjusting her care. Overall Dorothy's in a solid position, but getting clarity on those anomalies should be your next step.
