

Quarterly Budget Report

Dorothy · Classification 4 · BlueBerry Care

Q4 FY2026 · 2026-04-01 to 2026-06-30

Summary

Dorothy's care costs have gone well over budget this quarter, sitting at 182% of what was allocated, which means the family will need to cover about \$5,453 out of pocket unless the funding situation changes. With only 27 days left in the quarter and spending tracking to use every dollar available, there's no financial cushion remaining, so any unexpected care needs will add to what you'll need to pay for yourselves. The 50 flagged anomalies suggest there may be billing irregularities or unusual service patterns worth reviewing with the care provider to make sure you're only paying for what Dorothy actually receives. On a positive note, the care management support isn't being fully utilised, which might be an opportunity to get help coordinating Dorothy's services more tightly to avoid these cost blowouts in future quarters. I'd recommend having a conversation with the care coordinator soon about how to bring next quarter's spending back in line with the budget while keeping Dorothy's care quality intact.
