

Annual Financial Summary

Mum · Classification 4 · TestCare

FY2027 · 1 July 2026 , 30 June 2027

Summary

Mum's support package hasn't been activated yet, so there's nothing being charged at the moment. This means the full lifetime cap of \$137,917.01 is still available to use whenever the care plan starts. Once services begin, you'll see charges appear here and can track how much of the budget is being used. It's worth checking with the My Aged Care team to confirm when the support is scheduled to start.
