

Quarterly Budget Report

Dorothy · Classification 4 · BlueBerry Care

Q1 FY2025 · 2024-07-01 to 2024-09-30

Summary

Dorothy's care package for this quarter shows no spending has been recorded yet, which means either her services haven't started, there's been a delay in processing payments, or the system hasn't caught up with what's actually happening at home. You have a full \$6,681.60 available to use, so there's no budget pressure, but the zero days remaining suggests this quarter has now ended. The really important thing to check is whether Dorothy is actually receiving the support she needs right now, because if services are running but not being claimed, you could be missing out on the help you're entitled to. I'd recommend contacting her care coordinator to confirm her current care plan is active and that all the services being provided are being properly documented and claimed.
