

Quarterly Budget Report

Lebron James · Classification 2 · Care Bear Supports

Q4 FY2026 · 2026-04-01 to 2026-06-30

Summary

Lebron hasn't used any of their quarterly support budget yet, which means all \$3,579.75 is still available with just 27 days left in the quarter. This is worth investigating fairly soon, as it suggests either the care services haven't started, there's been a delay in invoicing, or perhaps the support plan needs adjusting. I'd recommend checking in with the care provider to confirm services are actually being delivered and that everything is set up correctly. If Lebron genuinely doesn't need this level of support right now, that's worth discussing with their aged care coordinator so the budget can be used properly or adjusted for future quarters.
