Summary

Over the past year, Wayly reviewed your parent's care billing and found 28 items worth checking, though the dollar amounts worked out to zero in the end. While no errors were ultimately confirmed, the fact that Wayly identified that many flagged items suggests the billing statements are complex enough to warrant this kind of careful review. The subscription cost you paid was \$468, so you'll want to decide whether this peace of mind and oversight is worth that investment going forward. If billing has been straightforward without major concerns, you might reconsider whether you need it next year, but if it helps you sleep better knowing someone's watching the details, that's valuable too.

Keep decoding your monthly statements — each one is another chance to catch errors.

Dollar values reflect amounts flagged as potential billing errors. Resolved amounts reflect credits received or errors confirmed by your provider. Not all flagged amounts may result in credits.
