## Summary

We've reviewed BlueBerry Care's recent statements for Dorothy's support at home, and I need to be direct with you: there's a serious concern here that needs your urgent attention. Out of eight statements we checked, seven had red flags that suggest something isn't quite right with how services are being recorded or billed. The good news is that no money appears to be missing at this stage, but the fact that BlueBerry Care hasn't responded to our correspondence is troubling and suggests they may not be taking quality checks seriously. I'd strongly recommend you contact BlueBerry Care directly to ask for a clear explanation of these discrepancies and request a face-to-face meeting to review Dorothy's actual care against what's being documented. This is the kind of issue that's easier to sort out early rather than letting it develop into a bigger problem.
