

Annual Financial Summary

Dorothy · Classification 4 · BlueBerry Care

FY2026 · 1 July 2025 – 30 June 2026

Summary

Dorothy's NDIS plan for FY2026 gives her access to \$29,696 for the year, and so far only about 3.6% of her lifetime funding has been used, which is excellent news for her long-term security. Her family is contributing \$4,804.40 towards her support costs this financial year, with the government covering the remaining \$20,837.10. The key thing to watch is making sure Dorothy's support services are actually being used as planned, since she still has a substantial amount available and you want to get the most benefit from her entitlement before the financial year ends. With her Classification 4 rating and this funding level, you have good flexibility to adjust her care arrangements if her needs change.
