

Annual Financial Summary

Dorothy · Classification 4 · BlueBerry Care

FY2026 · 1 July 2025 – 30 June 2026

Summary

Dorothy's care is well within her budget, with government funding covering most of her Support at Home costs at around \$20,837 per year. You've only used 3.6% of her lifetime cap so far, which means she has plenty of room to access additional care as her needs change over time. At her current rate of spending, the available funds could support her care for many years ahead. The main thing to watch is whether her care needs increase, since that would change how quickly the funding gets used, but right now you're in a comfortable position.
