

Quarterly Budget Report

Lebron James · Classification 3

Q4 FY2026 · 2026-04-01 to 2026-06-30

Summary

Lebron hasn't used any of his Support at Home funding in this quarter, which means \$4,942.35 is sitting unused with only 4 days left before the quarter ends. This funding doesn't roll over, so unless services are arranged immediately, that money will be lost and won't be available to help with care costs going forward. It's worth having a quick conversation with his care coordinator today to see if there are any services that could still be arranged this week, or to understand if there's a reason the budget hasn't been tapped into yet. The good news is there's still time to act, but it does need to happen in the next few days.
