Significant concerns — consider your options

Summary

I'm concerned about what we're seeing with BlueBerry Care's service to Dorothy. Out of eight statements we've reviewed, there are serious red flags in seven of them, and most worryingly, they haven't responded to any correspondence about these issues. The fact that their service delivery is showing as zero percent suggests something significant isn't being recorded or delivered properly. What matters most right now is getting BlueBerry Care to respond and explain what's happening, because you need to know exactly what care Dorothy is actually receiving and why the documentation doesn't match up. I'd recommend reaching out to them directly this week to request a clear explanation and get everything in writing.
